     <p class="sec">

    Hi, I'm Yash Kumar

A passionate Computer Science Engineer (AI & ML) who loves building impactful projects, solving real-world problems, and continuously learning new technologies.

I aim to create intelligent and user-friendly digital solutions that make a difference.

        </p>

 <h2>About Me</h2>

 <p class="sec">I'm Yash Kumar, a B.Tech CSE (AI & ML) student with a strong interest in machine learning, web development, and automation.

I enjoy transforming ideas into functional projects and improving my skills through consistent learning and practical work.

My journey in technology started with curiosity and has grown into a passion for creating meaningful digital experiences.

Alongside academics, I am a responsible team member, a fast learner, and someone who believes in continuous growth.

My goal: To become a skilled AI engineer and contribute to innovative technologies that shape the future.</p>
